

UUCR's Committee on Ministry (COM) oversees how well the congregation is ministering to its members, and promotes congregational health and ministerial cohesiveness. During the 2019-2020 year, COM focused on four areas:

- Provided support and guidance to the minister, and promoted the ongoing congregational/minister relationship.
- Prepared a plan for conducting an assessment of congregational health and the effectiveness of all the congregations' ministries.
- Served as a resource group for congregational members and committees.
- Responded to the changes in all UUCR functions due to the COVID-19 situation, being aware of the needs of congregants and supporting new ways of communicating and connecting.
